

A Report on a Program on Women Empowerment
Organised by the Department of Education

Date: 13th of January, 2023

Venue: Virtual Room

Milli Al Ameen College (For Girls) in collaboration with IQAC had organized a Paper Presentation Session on the importance of Women Empowerment. The event was organized by the Department of Education and was conducted in the virtual room of the college. The session involved students coming up with their perspectives about women empowerment and how it affected the lives of women both in rural and urban areas. Students were very enthusiastic in their participation and the session was also very interactive.

The students made paper presentations where they included discussion on various ways in which one can empower women. The individuals and government must both come together to make it happen. Education for girls must be made compulsory so that women can become illiterate to make a life for themselves. Women must be given equal opportunities in every field, irrespective of gender. Moreover, they must also be given equal pay. It is possible to empower women by abolishing child marriage. Various programs must be held where they can be taught skills to fend for themselves in case they face a financial crisis. Overall the program was highly informative and raised awareness on a number of important issues in contemporary times relating to women.
