## **A Report on Science Exhibition at “Science Corner” on the occasion of National Science Day 2025.**

**Date: 27.02.2025**

**Place: Science Corner (Department of Science)**

**Time: 2.30 PM**

On 27<sup>th</sup> February 2025, Department of Science, Milli Al-Ameen College (For Girls) in collaboration with IQAC had organized “Science Corner” exhibiting different Scientific Models prepared by the students of the department. Different models based on Zoology, Botany and Chemistry were prepared by the students. Models on Human heart anatomy and also Human heart physiology were prepared to be displayed on the Zoology desk. On the Botany desk, models on Plant anatomy and Plant transport were displayed. On the Chemistry desk, there were many interesting models exhibited demonstrating acid rain, and also the action of vanishing ink. The sole purpose of organizing this event was to encourage the students of Department of Science to foster creativity, practical skills, and teamwork keeping in mind that such events enhance understanding through hands-on experience, encourages innovation, builds confidence, and promotes scientific communication, preparing students for research, higher studies, and professional scientific careers.

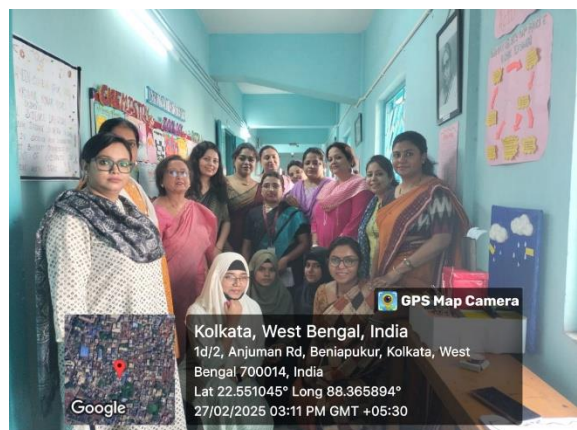

The exhibition at “Science Corner” started at 2.30 PM with the official inauguration by Principal Dr. Sunanda Halder. She encouraged all the students present by her kind words. She visited Zoology desk, Botany desk, Chemistry desk and appreciated all the models prepared by students. She also interacted with students to enrich their knowledge and also to suggest them how they can use their skills to effectively demonstrate Science related topics. The students also got motivated towards how they can contribute in the field of Science in future by the virtue of their knowledge and skills. The event was also graced by many other faculties from different department who also interacted with the students to encourage them and also praised their works. The exhibition was open for about an hour and attended by college students of various departments. The students from Department of Science who had prepared the models explained their work to all the visitors and attendees with great effort and enthusiasm.

All-together, the event was a successful endeavor owing to the whole hearted participation of the students and also all the faculties who graced the event and specially Principal Dr. Sunanda Halder who supported the event in every possible way for the interest of the students.

**A report on webinar about "Empowering Indian youth for global leadership in Science and Innovation for Viksit Bharat."**

**Date: 28.02.2025**

**Time: 3.00 PM**

**Venue: Online Mode (Google Meet)**

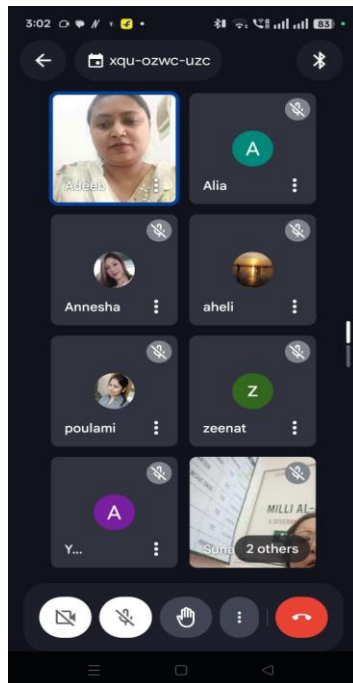

As a continuation of National Science Day 2025 celebration, The Department of Science, Milli Al-Ameen College for Girls, in collaboration with the Internal Quality Assurance Cell (IQAC), had organized a webinar on the theme **"Empowering Indian youth for global leadership in Science and Innovation for Viksit Bharat."** The event was graced by the presence of the esteemed speaker, **Dr. Annesha Ghosh (DST- INSPIRE Faculty, Central University of Jharkhand)**, a renowned academician and expert in the field of science and innovation.

The webinar commenced at 3PM with a warm welcome from the organizing team, followed by an introductory address by Principal Dr. Sunanda Halder, who emphasized the significance of fostering scientific temper among the youth to achieve the vision of a self-reliant and developed India — *Viksit Bharat*. She appreciated the initiative taken by the Department of Science and IQAC for creating a platform that inspires students to think beyond the boundaries of conventional education.

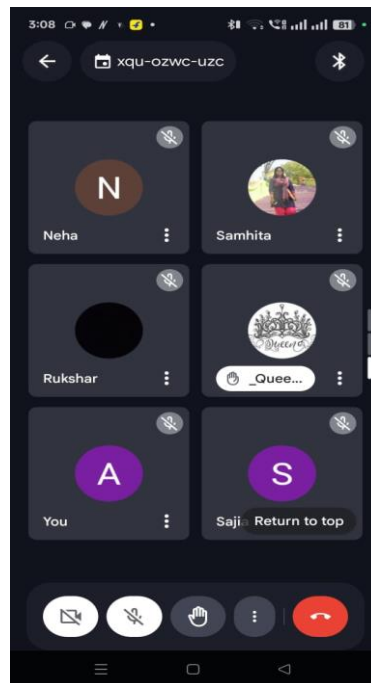

Dr. Annesha Ghosh delivered a highly engaging and insightful lecture focusing on the role of Indian youth in shaping the future of the nation through science and innovation. She discussed the importance of nurturing creativity, critical thinking, and research skills in students to enable them to become global leaders. Dr. Ghosh highlighted the need for interdisciplinary collaboration, government initiatives like *Start-up India* and *Digital India*, and the role of higher education institutions in providing opportunities for innovation. The attendees were also enlightened about different Fellowship Programmes supporting scientific research and innovation.

The webinar witnessed active participation from the faculty members across various departments, as well as students from multiple disciplines, showcasing a strong spirit of academic collaboration. The session concluded with an interactive Q&A segment, where students and teachers alike engaged with Dr. Annesha Ghosh on various aspects of scientific careers, innovation ecosystems, and the global opportunities available for young researchers from India.

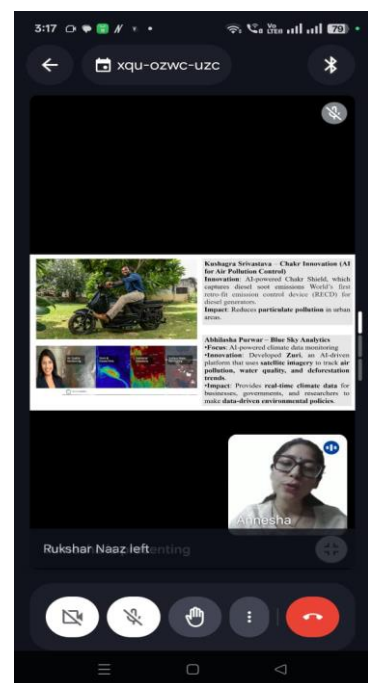

This webinar served as an important reminder of the transformative potential of India's youth when empowered with the right knowledge, skills, and motivation. It reinforced the college's commitment to holistic education and its dedication to contributing to the vision of *Viksit Bharat* by nurturing future leaders in science and innovation.
