

Participation of Students in The Bhawanipur Education Society College's Fest 'Umang' held in December 2024

The Bhawanipur Education Society College organised Umang'24 from 25th December to 29th December, 2024, an inter college fest filled with fun, creativity and competition. This year's theme was 'AI or I?', a very thought-provoking topic in the contemporary times. Students from various colleges participated in different events, showcasing their talents in writing, poetry, painting, cooking and indoor games.

The events that were held were English and Bengali creative writing, poetry, book reviews to showcase their literary talents; carrom and arm wrestling like events to show their acumen in sports and a number of art related events. Each event saw enthusiastic participation, with students putting in their best effort. The competition was well-organised and the atmosphere was full of excitement. Participants enjoyed displaying their creativity and skills while making new friends. The fest ended with a grand musical concert by Kailash Kher in Northern Park. His soulful and energetic performance made the final day truly special.

It was the first time that students of Milli Al-Ameen College (For Girls) participated in Umang 2024 and Neha Khanam of Commerce Department stood first in the Arm-Wrestling competition (Female category). It was a great experience for every student who participated in the fest as the event provided a platform for learning, showcasing talent and connecting and interacting with students from other colleges.

Ayesha Javed
English (Major), Semester 6

Total number of student Participants: 33
